

Communications That Keep You Running Smoothly

We Improve Your Operations By Connecting Locations, Adding Functionality, And Reducing Costs!

Connect Locations

- Free calling between all numbers on one account
- Share ring groups across all locations
- Share a single pool of lines between all locations to slash your monthly communications bill

Reduce Costs

- No expensive proprietary bandwidth required
- Flexible payment and leasing options
- Eliminate expenses with enterprise-grade features that replace costly alternatives

Incredible Functionality

- Voice, fax, chat, video, conferencing, and more
- Powerful contact center and analytics solutions
- A rich suite of mobile solutions keep your staff in touch across the factory floor & while on the roads

“Sangoma was brought to my attention by CTSI. With this system, we have access to call recording so we can have quality control over our customers requests and purchases.

This system has been very cost effective and has saved our company over \$800 per month.
